### Other Items

1. HEAC received an invitation to have a member serve on a new Transfer Station committee. Brian notified Julie Doucet that the charter of the new committee does not seem to align with HEAC's goals and that they likely intended to invite someone from HCIC. Kara noted that they may have been thinking about the future solar PV on the landfill project which will not start until the Town meets the DEP's landfill closure requirements. The landfill project is not listed in the charter of the Transfer Station Committee. Kara will follow with the Select Board.
2. CPIC forwarded questions regarding several project applications being review by the committee for HEAC input: Police Stations Solar PV, Library HVAC and Police Station Roof. There is a meeting on Sept 21 during which they would like to review the questions. HEAC will need time to prepare answers of the questions. Ellen may be able to attend part of the meeting.
